

At Helitech, we know how much you care about protecting your home, and that's why we're excited to offer the **Home Assurance Program.**

This program isn't just about routine service — it's about giving you confidence in your investment.

With annual check-ups from our expert technicians, we ensure that your home's foundation and water management systems are in top shape, catching any potential issues before they become costly problems.

Plus, as a member, you'll enjoy **priority scheduling and a 5% discount** on any future services. Let us help you keep your home safe and secure for years to come.

Peace of Mind Coverage

- 1-Year Membership**
\$250
- 3-Year Membership**
\$225 per year
- 5-Year Membership**
\$200 per year

Scheduling Annual Check-up

Your annual inspection and service must be scheduled by calling the Helitech service department at 800-246-9721 or scanning below.

Transfer of Warranty

Membership in the Helitech Assurance Program is not transferable and should be canceled at the time you sell your home. We recommend that you provide the new homeowner our contact to set up their own Assurance Program membership and complete the transfer of warranty if applicable.

Many Helitech solutions come with a warranty for the life of the home. If you need to transfer your warranty to a new buyer, please complete the form at: helitechonline.com/transfer-of-warranty.

The form should be filled out by the new owner and must be received, along with closing documents, within 5 business days of closing for the transfer to be free of charge.

For questions regarding this process, please contact service@helitech1987.com or call the Helitech Office at 800-246-9721.

Home Assurance Program

Annual Inspection

Our trusted team will check in annually to perform thorough inspections of your Helitech system, identifying any potential issues early on as your home ages. This proactive approach helps maintain the safety and security of your home, giving you peace of mind knowing that everything is in top condition.

Proactive Service

By addressing minor problems before they escalate, proactive service ensures a safer living environment, reducing the risk of structural failures, hazardous conditions, and preventing expensive repairs later on. Our attention to detail means that your home receives the exact care it needs to stay in top condition, providing you with long-term peace of mind.

Let us help you **protect your investment** with the attention it deserves.

All Services

Where applicable.

- ✔ Conduct a comprehensive interior and exterior inspection to assess structural integrity and any systems in place.
- ✔ Measure humidity levels, inspect dehumidifiers, clean filters, and check for water intrusion.
- ✔ Verify proper grading and water management in the yard.

Foundation Repair

Where applicable.

- ✔ Verify benchmarks on both stabilized and non-stabilized foundation walls.
- ✔ Replace or add benchmarks as necessary for accuracy.
- ✔ Examine floor joists, bolts, sill plates, support posts, and beams for structural soundness.
- ✔ Check sub-floors for stability and check for signs of potential mold or mildew.

Waterproofing

Where applicable.

- ✔ Perform water tests to ensure proper system flow and functionality.
- ✔ Check downspouts, gutters, pop-ups, and exit points for blockages.
- ✔ Inspect and clean box drains and exterior sump pumps.
- ✔ Test sump pump operations, including the function of float systems.
- ✔ Clean sump pumps of sediment and ensure proper operation of the float systems.
- ✔ Cycle and water test sump pumps, and check the battery backup system.
- ✔ Inspect all interior PVC connections and assess humidity levels in the basement.
- ✔ Inspect encapsulation liners and dehumidifiers to ensure optimal functionality.
